Fantastic Warranties

Bluescope Steel offers a range of warranties (typically 15 years) for materials used in garages and sheds. The latest information on warranties can be found at www.bluescopesteel.com.au

Comprehensive Sizes

Whilst this brochure will give you an idea of what we can build we are not restricted to these sizes and dimensions. We pride ourselves on being able to tailor a building solution to your precise requirements.. In fact, we can manufacture any size you can imagine to the nearest millimetre.

If you have any special requirements please call us. We'll happily show you how we make any request possible.

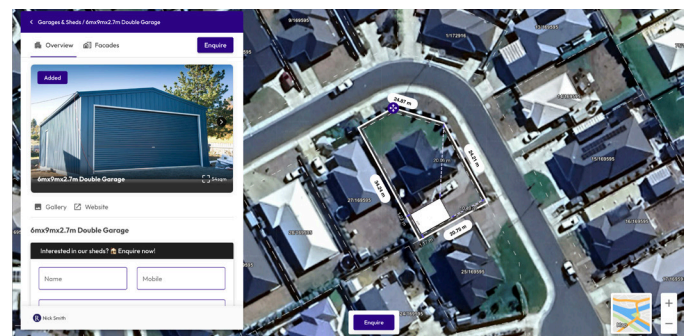

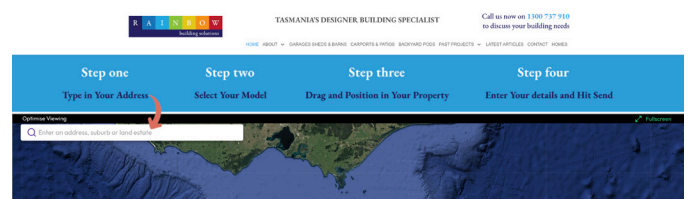

Optional Extras

- Swap PA door to a 1.8m wide Colorbond® roller door (height clearance depends on size or config selected above, ranging from 1.8m high – 2.0m high)
- Skylight polycarb sheet in roof
- Rotary roof vent
- Engineering documents and certificate
- Vermin flashings to slab / wall junction
- Gutter and downpipe kit
- 800h x 800w sliding window and fixing kit
- Extra PA door including fixing kit
- Roof insulation – Foam Cell Shed Liner
- Wall insulation – Foam Cell Shed Liner
- Colorbond® Matt range of colours
- Arrange planning assessment and approval (if required, POA)

See it to believe it

Have you tried our shed mapping tool? Powered by Canibuild, this is a great tool to see how your shed, carport or garage will fit on your block. Scan the QR Code or head to our website to see our garages on your property.

Download the full Colorbond® Range:
